

The Palms Pool Guidelines

1. Please have your key with the unit number visible. Each homeowner, long-term renter, or vacation renters must have their own key to the pool in order to use the pool. Even if you come with a neighbor you must have your own key with you.
2. Take all trash with you when you leave. Pool maintenance is only responsible for weekly restroom cleaning and restroom trash emptying.
3. Restrooms can be opened with the gate key. Please accompany small children to the restroom.
4. No glass inside of fence, no exceptions. Any damaged caused by glass will be homeowner responsibility.
5. No food inside of fence, no exceptions.
6. Parties are not allowed at the pool.
7. Smoking is not allowed within the pool gates.

Failure to follow these rules may result in a fine.
